New monsters to be conquered! Experience an epic adventure with friends! Become a MU Online! Before the story of MU Online, the setting of this game, the Asian continent of Mu exists, and a god-like Mage resides there. An ancient, powerful magic named Totem is bound to the god, and the power of each inhabitant of Mu will open a door to this Totem. There are four schools of magic, and each can only be learned from a certain Totem. For most of the story, the world of MU revolves around the four schools. The world of MU Online is much larger than that of MU, though only the main continent of the game, Mu, is seen in the first part of the story. Players have been able to travel across the land of MU with the help of various mounts, but to do so, they must pay a fee to the country of which they are citizens. MU Online, a collaborative effort of Daybreak Games, MU Online and a Chinese MMO developer, does not have its own servers, but exists as a sub-server of the Chinese developer's own MMO, MU Online. Even so, MMO gamers worldwide can access the service through Daybreak's global alliance with Chinese partner Perfect World Entertainment and its Internet service provider Daybreak Game Company, which owns the name MU Online. With more than one million players in the game, and more than six million subscribers, Daybreak Game Company currently operates three other popular games, namely, Monster MUD (MMORPG), Dofus and Landmark. The existence of MU Online has created quite a buzz around the world, with news of the game making its way to the U.S. since its launch in September 2011. The game is also actively supported by the United States Central Command (CENTCOM), and U.S. Forces Korea (USFK). MU Online has been praised for its accessibility and accessibility in the MMORPG genre, as well as its smooth gameplay and overall game play. Game play MU Online is a free-to-play, fantasy, turn-based, science fiction-based MMORPG game. Players are in the role of one of six factions. As a new player, one is free to choose among four starting classes, namely, a fighter, a healer, a mage, or a warrior. A further choice, between healing and combat classes, is made later on, when a player reaches level 15. The six classes can be further specialized by acquiring bonuses at 82157476af
